

## Quartermaster Committee

The Quartermaster Committee is charged with the responsibility of inventory, general maintenance and repair and/or replacement of all Corporation equipment. At the end of each fiscal year, the Committee, in conjunction with the Corporation Treasurer, provides a complete inventory of Corporation equipment to the Board of Directors. This Committee is also responsible for ensuring that Authentic Camp equipment is transported to and from events in which the Corporation participates.

As a service to the membership, the Quartermaster Committee maintains a sutler <sup>1</sup> listing (**See Chapter 8, Resource Directory of the Newcomer's Manual**) and will assist the membership to find and order their needed Civil War era clothing, equipment and accessories.

Contact the New Member's Chairperson for information regarding the Quartermaster Committee or questions regarding sutlers.

---

<sup>1</sup> Sutler was the term used for merchants who catered to the needs of Civil War soldiers during the Civil War.
